Unit 3 & 4 VCE VET Certificate II Engineering Studies

22470VIC Certificate II in Engineering Studies

Full qualification over 2 years

Learn the Tools of the Trade

The Certificate II in Engineering Studies is designed for those wishing to enter the engineering industry. It can be considered a pre-apprenticeship/prevocational course for employment in the engineering industry. This engineering course offers skills including machining, welding, assembly, measurement, maths, safety, and reading engineering/CAD drawings.

Employment Opportunities

This course is designed to provide you with a broad knowledge and skills in relation to the engineering field. It ma(r)-1.1u 2-5.5 ( )-5.1QItd (e)-5.7 4 (pr)-1.Itstleduf1.7 (o)-4.1 (a)-W(c.6 (p38 (i)-1.5 l)-1

Unit 1 & 2 VCE VET Certificate II Community Services

CHC22015 Cert II Community Services

This certificate allows students to develop the skills and knowledge to undertake community services work such as providing support and assistance to a variety of clients including childcare, the elderly and the disability sector.

This program is perfect for students looking to move into a range of areas in the community services sector and is the perfect building block for developing a sound educational base specific to the fastest growing sector in Australia.

- Score assessment is available with the completion of the Certificate II and required units.
- The first year (Units 1-2) can be undertaken as a one-year course.

Students will undertake the following units:

- Organise and complete daily work activities
- Interact effectively with others at work
- Work with diverse people
-

Unit 3 & 4 VCE Partial Certificate III Community Services

CHC22015 Cert III Community Services
(partial completion)

This certificate allows students to develop the skills and knowledge to undertake community services work such as providing support and assistance to a variety of clients including childcare, the elderly and the disability sector.

This program is perfect for students looking to move into a range of areas in the community services sector and is the perfect building block for developing a sound educational base specific to the fastest growing sector in Australia.

- Score assessment is available with the completion of the Certificate II and required units during Units 3 and 4.
- The second year of the program for the VCAA Unit 3 & 4 sequence is based on partial completion of the CHC32015 Certificate III qualification – no qualification is awarded.

Students will undertake the following units:

- Respond to client needs*
- Work within a community development framework*
- Implement participation and engagement strategies*

*Indicates scored assessments.

Assessment

- Data Analysis
- Structured Questions
- Written sessions
- Practical participation
- VCE VET Unit 3 & 4 Community Services
- End of Year examination

Resources/camps/excursions

Unit 1 & 2 VCE VET Certificate III Information Technology

ICT30120 Certificate III in Information Technology
Full qualification over 2 years

The Certificate III in IT program develops a broad set of fundamental skills and offers further variety through units such as introductory-level programming techniques, IP ethics and privacy of information, diagnostic testing and client service.

The program is suitable for serious IT enthusiasts and affords meaningful insights into some of the more common specialisations so that participants can either use this base knowledge and skills to pursue a career or further study in specialist fields; software engineering, gaming, coding, programming, technical support, data management, network management, information security and more.

Students will undertake the following units;

- Work in a team
- Use computer operating systems and hardware
- Operate application software packages
- Run standard diagnostic tests
- Securely manage personally identifiable information and workplace information
- Develop and extend critical and creative thinking skills
- Apply introductory programming techniques

Assessment

- Multiple choice Questions
- Short answer questions
- Projects/assignments
- Practical demonstrations

Resources/camps/excursions

- iVET Online Portal
- Work experience

Pathways

- Certificate IV in Information, Digital Media and Technology
- Diploma in Information, Digital Media and Technology
- IT support positions
- Help Desk support
- Retail, business administration, hospitality and education occupations
- Graphic design
  Web designer

Complimentary Subjects

- Computing: Applied Computing
- Computing: Data Analytics
- Computing: Software Development
- Visual Communication

- x Workbook
- x Own Instrument (optional)
- x Work Placement

Pathways

- x Bachelor of Music
- x Certificate IV in Music Industry (performance)
- x Diploma of Music

Complimentary Subjects

- x Studio Art
- x VET Sound Production

Be Respectful Be Inclusive Be Resilient

Unit 3 & 4 VCE VET Certificate III Sport and Recreation

SIS30115 Certificate III in Sport and Recreation
Full qualification over 2 years
Units 3&4 in Sport and Recreation will contribute towards a student's ATAR following the completion of the VCAA exams and assist students to work towards receiving a Certificate III in Sport and Recreation.

Unit 1 - 4 VCE VET Certificate II in Kitchen Operations

NOTE: 2023 will see a new qualification called SIT20421 Certificate II in

Certificate II in Salon Assistant

SHB20216 Certificate II in Salon Assistant

Certificate II in Salon Assistant is suitable for candidates who wish to become an assistant in a hairdressing salon. It is also a great introduction to a career in hairdressing. The course is very hands-on with lots of theory and practical sessions at our fully operational hairdressing salons.

Certificate II in Retail Cosmetics

SHB20216 Certificate II in Salon Assistant

Certificate II in Retail Cosmetics is a great introduction for those who want to work in the beauty industry or become a makeup artist. This qualification also provides a pathway to work as a retail sales consultant in any business that sells beauty or cosmetic products and services. This can include beauty and hairdressing salons, retail outlets and department stores.

- Advise clients on beauty products and services
- Design and apply makeup
- Recommend and sell retail products
- Photographic makeup
- Salon training
- Produce visual merchandising displays
- Provide head, neck and shoulder massages
- Contribute to health and safety
- Environmental sustainability

Students have access to a fully equipped salon services environment (simulated) for practical demonstration and observations of all appropriate units throughout the course. Practical tasks will be set for each student that relate to the course structure.

ACCEND has the Hair and Beauty services open to public, where students are able to maintain their skills required to successfully complete this qualification. An assortment of assessment methods structures this qualification including Practical Observation, Written Assessment, Project and observations while student is attending to an actual client in the salon.
